With the 48hour weather forecast predicting rain, we will likely opt to have a few drinks in an attempt to liven our weekend spirits. Fortunately [Fabris Lane](#) offer new summer eyewear (the above an example of the current women's range) at a reasonable price with these new understated pieces which start retailing at £39 - so if Friday night celebrations have an impact on a Saturday morning, at least a good pair of lenses can hide the previous night's sins.
